

WHO WE ARE:

AscellaHealth is a national PBM applying a strategic focus to the complex requirements of PACE programs.

As an NPA member, we are committed to serving PACE programs, both large and small. Managed by a team offering extensive Part D experience and a partner that processes more than 260 million Part D claims per year, we are exceptionally well-positioned to service PACE plans.

Our knowledgeable, capable team ensures all of your Part D reporting and regulatory requirements are met.

"We understand the challenging environment in which our PACE clients work. AscellaHealth provides strategic recommendations to optimize your resources and implements customized PBM solutions to support your mission."
